(February 01, 2010)

All comments noted in RED signify comments related to North Dakota specific data elements. These detail specific Rules, Issues, and Notes. In the case of non-standard NIBRS reporting requirements, additional North Dakota segments have been added to capture requested North Dakota specific data elements.

Note: All data elements unless otherwise noted by shading and identified by a North Dakota Element ID number (e.g. ND-01) are presumed to be FBI NIBRS standard as defined by the Volume 1: Data Collection Guidelines National Incident-Based Reporting System documentation.
